

Parents & supporters of high school sports,

Everyone is excited about the return of high school sports and the opportunities it presents for our student athletes. Our students and coaches have had to reinvent the way they prepare for a season in order to reduce the risks presented by the coronavirus. District administrators have also had to reinvent the way we host competitions to reduce the risks presented by the coronavirus and to comply with guidance provided by the Kentucky High School Athletic Association, the Centers for Disease Control and Prevention and other agencies. This letter provides information about important changes that will affect the fan experience. **Read it carefully.**

Attendance will be limited. Each participant representing the home school will be able to purchase four (4) tickets each. Each participant representing the visiting school will be able to purchase two (2) tickets each. No bands or cheerleaders for visiting schools. Rosters of all participating groups will be limited.

Tickets for all competitions hosted at Grant County High School will be presale only through the programs at each school. Every person who attends the game--including children--will need a ticket to be admitted. There will be no ticket sales at the gates on the day of competition. No other passes will be accepted for admission.

Only adult tickets will be sold. All tickets for all ages will be \$5 each.

All spectators will be screened before being admitted. In addition to needing a pre-purchased ticket, spectators will need to submit the attached screening form each time they arrive for a contest. Spectators will also need to pass a temperature check showing that they have a temperature BELOW 100.4 degrees Fahrenheit.

Spectators will need to be socially distanced and masked. Spectators are expected to wear a mask or face covering at all times. Spectators are also expected to remain socially distanced from anyone not living in their same household at all times.

Concessions will be either limited to minimal pre-packaged items or not sold.

If spectators refuse to meet these requirements, they will be asked to leave and/or contests will be canceled or suspended and refunds will not be issued.

Thank you for your cooperation and helping us increase the chances that our student-athletes get to continue to compete this year.
