

In July 2021 we asked our stakeholders to take a survey to assist our district with allocating ARP ESSER Funds. The survey results contain the responses from community, staff, parents and students. The survey results are below.

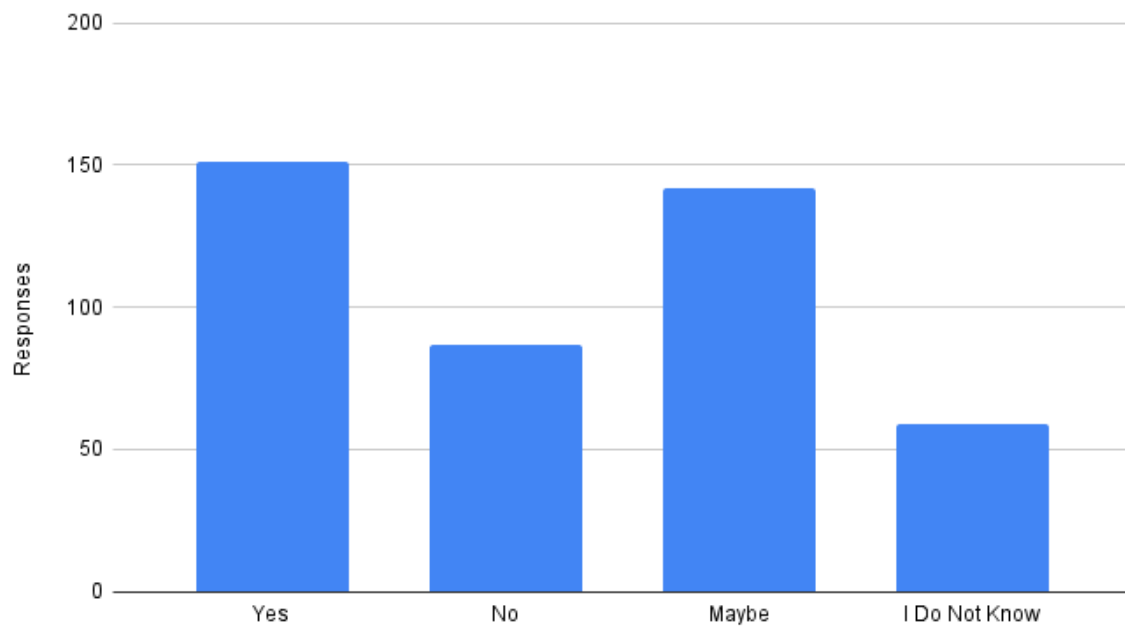

How satisfied were you with the level of Social Emotional Support received by students during the pandemic?

How concerned are you that students lost instructional time during the pandemic?

Based on your observations will our students require additional mental health support as they return to school for the 2021-2022 school year?

How satisfied were you with the level of student engagement

How satisfied were you with the level of student engagement using technology and the internet?
