Purpose

To promote creativity through photography, to share and critique the photographs of peers, to educate and improve technical skills, and to spread the love of photography.

**MORE WAYS TO UNBLOCK YOUR
PHOTOGRAPHIC
CREATIVITY**

objectives

Club members will be learning from each other and will be photographing various school activities. In addition, guest speakers will be invited to speak at club meetings and display some of their work. Students can express themselves through the lens of a camera. We will have introductory materials, state fair information and work out a plan with the kids for what they want to accomplish. Also will present different jobs that go with photography throughout the year.

The goal for this club

The goal also is to involve students who have an interest in digital photography and show an appreciation for what photography can say. All students are welcome to join - experience in photography is NOT a requirement - just a desire to learn with a hands-on approach.
