Grant County Families,

As you know we are currently experiencing a bus driver shortage across our district. This means our transportation routes are being impacted. We would like to make you aware that due to this shortage we are canceling bus routes. To ensure the safety of our students, buses without a driver will be parked. If a driver requests off and we cannot fill that route with a substitute driver, those routes will not run on that specific day (AM and PM).

We recognize the hardship this creates for our families. We are hoping to provide a 72-hour notice for this situation. Families will need to find morning and afternoon transportation for your children on the day(s) this occurs on your route. We are continuously working to ensure our students receive district transportation as regularly as possible. If your bus route is impacted your child will receive a one call and letter from their bus driver outlining the specific day the route will not be running. Information can also be found on our district website as well as Infinite Campus emails.

If anyone is interested in becoming a bus driver please reach out to our transportation department.

We appreciate your understanding and commitment to your child's education.

Thank you for your understanding,

Grant County Schools Transportation Department

Matthew A. Morgan, Superintendent

Jennifer J. Wright
Chief Academic Officer / Deputy Superintendent

Heather R. Clay
Assistant Superintendent of Student Instructional Services

Claudette Y. Herald
Assistant Superintendent of School Support Services
