

Profile of a Graduate

A Grant County Graduate will SUCCEED!

- What skills need to be taught, K-12, that best ensure success in the workplace after high school?
- How can parents, schools, and our local community partner to provide the best possible training ground for our youth?

The answers to these questions will be important elements in the development of the “Grant County Schools Graduate Profile.” Our Graduate Profile, moving forward, will be a foundational document for our district as we seek to define, teach, and assess needed workplace skills. To be most successful, we need your input.

We value our families and community. Please come, be a part of this vital conversation as we work to ensure that each student does, indeed

SUCCEED!

You are invited to a

PARENT AND COMMUNITY FORUM ADDRESSING STUDENT SUCCESS

*Tuesday
May 7, 2019
5:00 – 6:00 pm
Grant Co. High School Library*
